

HAMILTON, THE INDUSTRIAL CENTRE OF CANADA, A GOOD CITY TO LIVE IN

HOME RULE BILL'S  
SECOND READING SETWill Come Up in House March 30--Liberals  
Hopeful of Settlement.Ministers and Nationalist Leaders Confer on  
Carson's Offer.

(By Times Special Wire.)

New York, March 11.—A cable to the

Tribune from London says:

It has been arranged that the sec-

ond reading of the Home Rule Bill

will be taken on March 30, and as an

opposition amendment is certain to

be moved, Premier Asquith, Mr. Bonar

and Sir Edward Carson will

have to speak again on the subject of

the Government's plan of

the white paper promised by Premier

Asquith was circulated yesterday.

In detail, however, and, indeed,

less explicit than the Prime

Minister's speech in Ireland.

Asquith's speech on Monday was distinctly conciliatory, but the Irish Unionists declared that those who take that view fail to realize the situation. It is believed that the opposition cannot accept Premier Asquith's offer, and nothing heard in the lobby yesterday suggested that the Government would be willing to make further advance. Even if willing to abolish the time limit, the Nationalists would refuse consent, as was further confirmed, when the white paper was read on Mr. Redmond's position in Ireland.

CONSIDERING CARSON'S OFFER  
(By Times Special Cable.)

London, March 11.—The office of Sir Edward Carson, the Ulster Unionist leader, to submit the Government's preferred concessions in connection with Home Rule to the Ulster convention, provided no opposition was placed

(Continued on Page 11)

There is a feeling in Liberal quar-

ters that a settlement may yet be

reached. The supporters of the Gov-

ernment contend that Sir Edward Car-

son's speech on Monday will be

reached.

TAYLOR MAY GO AFTER  
COUNTY JOB AGAINSuccess Would Depend  
Upon CollinsHOPE FOR GRANT  
Provincial Inspector Inspected the Welcome Home  
And the Dundas Reeve  
Is Very Sick.

Hamilton had a visit this morning from H. A. Macdonald, Director of Colonization, the object of his coming being to inspect the British Welcomes Home Market Stand. He was met by Mr. John Bell, President of the Dundas Local, and took over the home. The inspection was much pleased with the installation of the way it is carried on. President Bell is hopeful that the visit will result in a grant being given by the Government to the market. The inspection was made in connection with the league's application for a grant that the visit was arranged.

It looks as though the men will have to wait for their money until April when a new man will be appointed," declared the warden. "The men won't like that, but it will be the result of the amounts this week."

Rumor after the meeting yesterday

was that Superintendent

Taylor would put in an application for the job and that Councilor

Collins, who is the friend

of the disposed superintendent

would be the majority with the result that he would be reappointed. Councilors

Douglas and Crockett made the state-

ment quite definite and said that

they would be in full laugh in

connection with the matter.

However, the warden may settle that by doing so he would be doing a disservice to the seven opposed to Mr.

Taylor and if he did a motion ap-

pointing him would be negative.

A new man will be appointed.

The case of the warden was

referred this morning. It was put in

by E. Councillor Charles Sparks, of

and his friends in the council there is just

a chance that he may land the job. Mr.

Sparks lost no time in applying con-

sideration to the job and ten days

ago he was appointed as Mr. Taylor's

head boy.

Whether Mr. Taylor will take legal

action against the county to recover

salary which he may claim by reason

of receiving no notice, since the man

to whom he was assigned, remains to be seen.

Mr. Taylor is at the county house this morning and he is to be seen

at the court house this morning

and he is to be seen at the court house

this morning.

Councillor Collins is a very sick

man and it is no sure thing

that he will be able to attend next month's

meeting. He is not able to leave his house since the February

meeting. His friends are quite wor-

ried for him in spirit and his son in

body, as he is, socially, a good sort.

EXTEND FURTHER

The Annexation Movement  
Takes a Wider Scope

The city authorities are to hear more of the annexation to a portion of the township to the east, according to City Solicitor Waddell, who announced to-day that there was a move on foot to bring in not only the old "incorporated" in the old petition, but also the new. The warden, who stated that the city cannot annex unless the people interested in the new area, and that he was not one, was not present. The controllers did not expect to hear any more of it, especially when the railway company said it would go ahead with its proposed extension whether the east or westward was taken in or

PAY OR GO TO JAIL  
Judge Monck Ordered Three  
Commitments To-day.

The case of W. H. Smith, of the McLaughlin Carrage Co. for \$22,260. Judgment in favor of the plaintiff in the case was given yesterday, but damages had not yet paid off.

In the action of George Horning vs. Anson Preston for \$115,000, his home, his loss of time in applying compensation, and his loss of ten days to pay or in the alternative serve a ten-day sentence.

The action of Wm. G. Lumber Co. vs. T. C. Mercer, \$62, was similarly treated.

FARMERS BANK

Depositors to be Recouped.  
says W. C. Mikel, K.C.

(By Times Special Wire.)

Toronto, March 11.—Depositors with the Farmers Bank will hear with joy the good news from Ottawa that there are assurances that they will get dollar for dollar from a sympathetic country. This was the opinion of W. C. Mikel, K. C. of Belleville, who has been laboring about the Parliament buildings in Ottawa, but of those who have suffered loss by reason of the collapse of the bank.

The same was the opinion of a number of W. C. Mikel, K. C. who has been very active in the interests of depositors and shareholders.

"We have to touch until the budget speech is out of the mind of the Minister," he remarked.

He was in touch with the Farmers Bank when it closed its doors amounted to \$1,500,000. The capital stock of the bank, which is owned by shareholders, who have faced the prospect of not only losing their stock, but having to put up the double insurance.

The meeting of the Boys' Club of St. John Presbyterian Church will be held in the schoolroom, to-night instead of Friday evening.

F. B. CARVELL.

P. P. for Carlton, N. B., who charged misappropriation of public money in connection with the construction of a New Brunswick Railway.

## POLICEMEN SHOT

Brave Montreal Officers  
Intercepted BurglarsOne Dead, One Dying and  
Bandits Free.

(By Times Special Wire.)

Montreal, March 11.—All over the city and in the surrounding suburbs the police are to-day hunting for four burglars who, early this morning, shot and killed Constable Bourdon and fatally wounded Constable Guyon, who tried to stop them while they were escaping after robbing a butcher shop at St. Laurent. The robbers were in a state of狂怒.

Constable Bourdon was shot in the thigh and abdomen, and died shortly after his admission to the Royal Victoria Hospital. Constable Guyon, who was shot just about the heart, and he hope is held out for his recovery.

Receiving word from the police that the burglars had been captured, the butchers in the city were hurrying to the police station to inspect the body of the police received the tragedy came quite by accident. A patrol had sent out, as it is the custom every day, to stop the men of the C. R. T. who are paid, and, according to the police, who attempted to stop the thief and was shot.

The first patrol to inspect the body of the police received the tragedy came quite by accident. A patrol had sent out, as it is the custom every day, to stop the men of the C. R. T. who are paid, and, according to the police, who attempted to stop the thief and was shot.

The last word from the police was that the men of the C. R. T. who were hurrying to the police station to inspect the body of the police received the tragedy came quite by accident. A patrol had sent out, as it is the custom every day, to stop the men of the C. R. T. who are paid, and, according to the police, who attempted to stop the thief and was shot.

NEW CURE FOR  
STUTTERERS(By Times Special Cable.)  
Paris, March 11.—A new method of curing stuttering by means of the cinematograph was described to the Academy of Sciences yesterday.

Dr. Berger, who devised it, said that stutterers can be rapidly cured if their mouthings of words is shown to them on the film. He takes a moving picture of a stutterer and a normal person sitting side by side and pronouncing the same sentence. This film serves as a model for a course of practice, which leads to a cure.

The film is to be used in

SENATOR CHOQUETTE.

Author of the Bill introduced in the Canadian Senate under which it is sought to prohibit newspapers from publishing pictures of persons accused or engaged in crime, or instruments used in crime.

## MR. EVANTUREL QUILTS THE HOUSE

Quietly Handed in His Resignation and Left Chamber.

### HANNA'S DEFENCE

Never Sought Favor For Imperial Company.

Toronto, March 11.—After two weeks of hesitation Mr. Gustave Evansurel has made the plunge. At the opening of the Legislature yesterday Mr. Speaker informed the House that he had received the resignation of Mr. Evansurel as member for Prescott.

Contrary to prediction Mr. Evansurel did not make his resignation in the House, but although this course was open to him he spent some hours in the Parliament Buildings in the morning attending to correspondence and clearing out his desk. He said he had decided to make no statement, nor would he appear in the House after it opened. He had his resignation all prepared and shortly before 2 o'clock sent it to the Speaker and quietly passed out of the building.

#### REMOVED IN SILENCE.

In expectation of a further scene the galleries of the House filled early, and several hundreds were unable to gain admission. After prayers were said every ear was strained to catch every word of the speech. The announced announcement of the Speaker was received in silence by the members and a great sigh of relief followed when it was known that there were anxious to many accusations made against those to whom Mr. Evansurel had referred in his previous statements.

The House will now remain vacant until the end of the present session. The Legislative Assembly Act states that no writ of election can be issued while the House is sitting, although an election might be held during the session if the writ was issued before the election.

Mr. Evansurel stated that he had not abandoned his intention of running again for the Prescott, although he did not know what future actions would be taken. He would be engaged for some time in looking after his personal affairs.

#### MR. HANNA'S STATEMENT.

An echo of the recent speeches of Mr. Gustave Evansurel in Prescott county with regard to the propriety of members of the Legislature being retained from corporations was heard in the Legislature yesterday. Hon. W. J. Hanna was one of those who spoke.

Hill and Hawkesbury last Saturday, when the orders of the day were called in the House yesterday the Provincial Secretary made the following statement:

"I wish as a matter of privilege to refer to a speech of Mr. Evansurel in the press in the course of the last three or four days. First it appeared in connection with a report of a meeting in the Legislature. I believe this morning, more recently, I believe this morning, was repeated in the columns of a newspaper in the city that he had written to me, and I wish to state that that I am under retainer from the Standard Company."

"Ten years ago this month, if my memory serves me right, I made in this House a statement similar to the one that I today find it my duty to repeat. And I wish to state that at any time did I or my firm or anyone connected with me receive directly or indirectly one dollar or one cent from the Standard Company or anywhere. (Ministerial applause.)

#### SOLICITORS FOR IMPERIAL COMPANY.

"Now, then, having said this, let me repeat what I said ten years ago. There is no way in which the Imperial Oil Company, a company incorporated in the same or several of which are majority of the Canadian citizens, citizens of this Province; a company the majority of whose shareholders are citizens of this Province, can in the business life of this Province and on both sides of the border. That company is not doing business in this Province of Ontario and the whole Dominion of Canada. This business is confined to the Dominion of Canada. It is essentially a Canadian company."

"My firm in the town of Sarnia has transacted as solicitors for the company for some time since 1897, and have in mind that is five years before I had anything to do with politics in this Province."

#### NEVER SOUGHT FAVORS.

"Sir, let me say, that company—I say it with positive knowledge—has never had a master in any shape or form come before this Government in

which it was interested to the extent of one cent. Let me say more: that never before a department of this Government, never before an officer of this Government, has ever been retained to that company submitted for consideration by that company.

"I cannot possibly conceive, Mr. Speaker, how it could be otherwise removed from conflict with the Government than in the same manner as the House of Commons. Let me say, it is not a producing company in the sense of oil or oil wells. Someone has said, too, that the assessment arrangements are after the oil companies. Assessment law, so far as I know, ever affected them to the extent of one cent and a half a barrel of oil. As far as I know, they are refiners and marketers their interest

"Now, then, having made this statement, if it lies in the power of any one in this House or in any other place to suggest that there is any reason, to suggest how there is in that connection anything that, in all fairness and justice, would be a reason, then I would like, Mr. Speaker, to know where it is and what it consists of." (Ministerial applause.)

### SOCIETY GIRL DIPS INTO SOCIALISM

Washington, D.C.—Lucy Burleson, postmistress of Postmaster General Burleson's two pretty daughters, has started a new hobby, that of socialism. Miss Burleson is a student at George Washington University.

### WOMAN SANK LOW

Urged Three Daughters to Life of Shame.

Montreal, March 10.—In the court of sessions to-day sentence of five years was passed on Annie Saville, 21, of St. John's, Newfoundland, for inducing her three daughters to become moral delinquents. She will be taken to the penitentiary at Kingston, Ont., as there is no women's penitentiary in this province.

In passing sentence, Judge Bain said:

"Your crime is the worst, the most revolting, that can be committed by a woman. I have no mitigating circumstances since I have been on the bench, and I do not believe any of my conferees have ever had to listen to such evidence as you have given. You will go to the depths of hell."

In passing sentence, Judge Bain said:

"Your crime is the worst, the most revolting, that can be committed by a woman. I have no mitigating circumstances since I have been on the bench, and I do not believe any of my conferees have ever had to listen to such evidence as you have given. You will go to the depths of hell."

The one thing a girl can always learn by heart is love.

### Left to Itself Eczema Spreads

When left to itself, eczema, as a rule, runs on indefinitely. Even with careful treatment it often becomes obstinate in resisting curative measures.

The cause is often difficult to find, but can easily be obtained if the direct result of the application of Dr. Chase's Ointment. This treatment cures the sore and soon sets up a new and healing which leads to complete cure.

Patiens and persistent treatment is necessary in severe cases, but as you are really in trouble from day to day, Dr. Chase's Ointment is applied to the skin daily to encourage it to heal the skin. It is well done to apply the ointment to the skin daily to stop the itching and the skin. It will do well to apply the ointment to the skin daily to stop the skin from being raw and natural healthy skin.

Attention to the general health is advisable in order that the cure may be effective.

The despatch says: "Ultimate prospects of success still good. Believe Karuk will polar disease already made ready to receive the application of Dr. Chase's Ointment. This treatment cures the sore and soon sets up a new and healing which leads to complete cure."

The despatch says: "Ultimate prospects of success still good. Believe Karuk will polar disease already made ready to receive the application of Dr. Chase's Ointment. This treatment cures the sore and soon sets up a new and healing which leads to complete cure."

"What do you mean?"

"Well, there are two or three stars and a whole group of heavenly bodies."

They were leaving a theatre, where a musical comedy is now playing.

"They show it like a course in astronomy," declared the young doctor.

# Some Good Scores Made at the Buffalo Tourney Yesterday

Kreus Sign Co. Has High Score of 2599-  
High Individual Score is 596.

Buffalo, March 11.—The fourteenth annual tournament of the American Bowling Congress, which opened at the Broadway Auditorium Monday night, attracted another large crowd last night. Nearly all the boxes were filled with followers of the game and scores of the various teams, and were many members of the fair sex in the audience. Cheering, yelling and general noise making was in evidence throughout. Some of the bowlers had horns, rattles and sticks, which sent sharp thrills through the spacious auditorium as their colleagues were toppling the pins in good shape. One of the teams apportioned with a brass band of eight pieces and attracted much attention. There was never a quiet moment while the tournament was in session.

## ONE TEAM RULED OUT.

Several of the five teams which bowled had eight players in natty uniforms. The Courier-Enquirer team wore gray shirts with the name of the team across the breast. The Monarchs and Monarchs in brown jerseys and caps. Several teams also wore uniforms.

Several teams abdicated to bowls last night, but as the Envelope team did not report on time they were ruled out, leaving five teams in the tournament.

The five teams did not appear until 8:30, half an hour after the time schedule. According to the rules the teams that did not appear on time forfeits its entrants and consequently the Envelope team was ruled out of the running last night.

## ELLISS TEAM IN FIRST PLACE.

The teams that last night showed some improvement on the scores of the opening night.

The team that had the high score for the night, 2,599, for which they received a prize of \$40.

The Hotel State team was second, a total of 2,555. The Monarchs Kait team was third with 2,514. The highest score on the night previous was 2,588, which was rolled by the Lanes team.

One of the features of last night's rolling was a 4-plate made by J. McClelland in the third game of the Monarchs team. This was the first made in the tournament.

The Regulars from Hamiltonville, the first team to bowl, in howl in the tournament also, created a good impression, making a total of 2,444.

## YUKS ON TO-NIGHT.

To-day's bowling will begin at 3 o'clock and will continue with the two remaining teams.

The individuals will follow immediately after, and the five teams will roll at 8 o'clock in the evening.

Several out-of-town teams are scheduled for to-morrow's games. The sporting editor of the Times will follow to-morrow's five-man events, which should be "some" attraction in itself.

Beginning to-morrow a full schedule of thirty-two five-man teams will roll

in the evening. Doubles and single will bowl in the morning and afternoon. This will be the programme for every day of the tournament.

## DOUBLES AND SINGLES.

The rolling in the man and individual events began yesterday afternoon. No record-breaking scores were made. D. H. C. Bowlers topped the doubles with 1,975, with Bagley and Trout a pin behind.

In the individual event C. Thomas topped the list to average 2,000, getting 596 and taking the lead. Close behind is W. Bagley with 556. The complete scores of the man and individual events are as follows:

## TWO-MAN EVENT.

Names. C. Thomas. 1. 2. 3. T<sup>1</sup>

Jahans, A. .... 125 170 170 170

Total. .... 250 254 254 254 1000

Bagley, W. .... 125 170 170 170

Trout, A. C. .... 125 170 170 170

Total. .... 250 254 254 254 1000

Bagley, W. .... 125 170 170 170

Trout, A. C. .... 125 170 170 170

Total. .... 250 254 254 254 1000

## AS TO SENATORS

Senatorial Representation of Manitoba and B. C.

Sir Wilfrid Raised a Point that Borden Did Not See

Ottawa, March 10.—It is not improbable that the Government will have to abandon its measures to increase the Senatorial representation of the older Provinces of Manitoba and British Columbia. When Premier Borden introduced the Manitoba resolution in the House of Commons, the House of Commons, Sir Wilfrid Laurier directed attention to the fact that such a measure is proposed would be unconstitutional and ultra vires unless preceded by legislation by the Imperial Parliament.

The point does not apply to the comparatively newly-created Provinces of Alberta and Saskatchewan, both of which are in favour of constitutional increases, but takes effect on the bills dealing with the two older Provinces. Under the British North America Act the Senatorial representation of the Provinces, as in the case of Ontario, Quebec, and the Prairie Provinces, is fixed arbitrarily, and can, Sir Wilfrid maintained, be changed only by Imperial legislation. Premier Laurier, however, said that until he had up the British Columbia bill until he should have opportunity of conferring with the Department of Justice.

The debate was long and technical, and was participated in by various legal authorities from the House of Commons. Mr. W. M. Gordon (Welland), submitted that he had a very decided opinion from Sir Wilfrid Ayerst that the bill was unconstitutional, and that it "was being forced through the measure through the House." It would run serious risk of having to be referred to the judicial decision of the Privy Council. He recommended that the point be submitted to the Privy Council before further action was taken.

"Now that we have heard so much of judicial opinions from the legal side of this House, let me put in a word for the common people," spoke up Mr. W. F. Maclean (Guelph). "I have no objection to his views no further increases to the Senate until 'absolutely irresponsible' was thoroughly returned, and then brought up again under the influence of public opinion."

"Is the member for South York a single or married man?" asked Mr. Maclean.

Mr. Maclean said he preferred a single Chamber, and an irreducible upper house, but he was in favour of an upper Chamber elective, for a comparatively short time, either by the Provincial Legislatures or for large constituencies.

"Does my honorable friend believe all he says?" asked Mr. Wilfrid Laurier, referring to his daughter, in which both sides joined.

Mr. Maclean was actuated. "Of course," he responded.

"I think," responded Sir Wilfrid, "why does he not move in the matter?"

"If I move in the matter will the Right Honorable gentleman give me his support?" queried Mr. Maclean, after the laughter had subsided.

"I think he will," said Sir Wilfrid, amid Liberal cheers. "It is in earnest, and an important matter."

"I think the wool-sack democracy, not the silk-stocking democracy," exclaimed Mr. Maclean. "If he'll understand that, I'll be satisfied with it, but I do not want to do anything hasty. (Renewed laughter.) I think a conference of the Provinces ought to be held."

Mr. J. A. M. Aikins (Brandon) interposed from the Government benches to the effect that the proper time to discuss that matter was a remark which was greeted by ironical Liberal laughter.

Mr. Norman volunteered the statement that he was prepared to support legislation to return the Senate by having Senators elected from Senators in districts for seven or nine years.

Premier Borden pointed out that all this had resulted before taking place on the second reading of the bill, which was then read a first time.

## BERLIN PANIC

Russian War Scar Causes Heavy Selling.

Berlin, March 10.—Wild selling by order from nervous provincial investors called forth a Russian war scare in the German press, and threatened a panic on the Stock Exchange to-day. The downward movement was arrested, but the attention of the financial district of the South German reports that a supplementary army bill for spending 4,500,000 marks on new artillery and to increase the cavalry to 10,000 men, universal money-begging resulted that the inferior forces support of the various provinces was the chief reason of the "organization orgy."

### SMALL FIRES.

The firemen were called out three times Monday night to fire, none of which amounted to anything. The first was at the residence of Max Wille, 46 Vorwerk, where an overheated pot of grease caught fire. No damage was done. The second time, pedestrians noticed smoke leaking from a basement window in G. F. Glaser's building, 28 King Street West. The smoke was an alarm, but the smoke was from the furnace.

A pile of hot ashes set fire to the blacksmith shop on King William street a few minutes later. The loss was trifling.

GERMAN ARTILLERY BEST.

(By Times Special Wire.)

Berlin, March 10.—The German artillery is the best in the world, to-day declared the German Ministry of War, which declares erroneous the report circulated yesterday in Munich that a German general had been sent to the rear of the German army to advise to assure "our autocrats" that Germany is determined at all costs to retain "the military upper hand."

A Problem for the Editor. It has been asked whether stepping on a man's corns gives protection for the rest of the body. Keep the clear of your corns by using Putnam's Corn Extirator. 25¢ at all dealers.

THE VERGARA CASE

Official's Report Exculpates

Texas Rangers.

(By Times Special Wire.)

Washington, March 10.—Secretary of War Garrison received to-day from Brigadier-General Bliss, commanding the U. S. border forces, the following report on the Vergara case, by Captain Howard, of the Fourteenth U. S. Cavalry:

"Investigation shows Vergara was taken from the Hidalgo cemetery on Saturday night by relatives of Vergara and hired Mexican Captain Sandoval, who stated that he and his band crossed the border. He met the body at a landing opposite San Enrique with Undercover Company and took it to the Hidalgo cemetery, where he buried it at 7:30 p.m. Sunday. He stated that there were no signs of burns on the body, he found it covered with a sheet, and it was not moved. Body decomposed, but pants match coat left at home by Vergara. Identification was made reliable. H. H. brother-in-law of Vergara, \$400. Body being held at the request of Adjutant-General Hutchins. No excitement."

# Hired and Then Fired Again

County Road Superintendent Taylor Must Go.

## A MATTER OF FEES

Councillors to Look After the Road Work.

Spared and fired in one afternoon. That was what happened to County Road Superintendent J. L. Taylor yesterday afternoon. The council would sum up the March session amid scenes of excitement and a sensation probably never before equalled in the history of the crisis when Gordon Hugh Bremner cast a deciding vote against the seven to seven, a motion to dismiss the road superintendent forthwith. He declared the motion carried, and a broad smile spread over the features of the councillors who had opposed Mr. Taylor. The had been outwitted but not humiliated in the end.

The council did other things, too, during the afternoon but were all overshadowed by the Taylor episode. Never before was political diplomacy so much in evidence. Never before did one section of the council so neatly "Put it over on the other section."

It will be remembered that in December, but before the election, Road Superintendent Taylor was given three months' notice. This would have expired next week.

With Wenzel, but all this time his friends in the council have been wearing a pleasant smile, though he was not.

Yesterday afternoon they believed the time was ripe for action. Word was passed around that the members of opposition to Mr. Taylor had to be in his seat on time. Recently a number of the members of the council have been attending meetings at the council chamber, but all these have been kept out of the chamber. There were just seven present, including Councillors Douglas, Vance, Thomas, Crockett, Almas, and Corman, with the wardens making eight. Another was needed. Councillor McAllister, who had been in the hall, and was hurriedly sent for. The others might arrive at any time and cause trouble. But Mr. McAllister, who was not a member, would not be a party to such action. He would not go to the chamber, and the friends of Mr. Taylor said not a word.

Councillor Almas appeared and he made up the necessary number. Seeing that the majority was in the chamber Councillor McAllister endeavored to condemn such a course by his

"Without any parleying, without any greasing; without any waste of time at all, for the job might be critical at any moment, and arrive at the other members of the council, Councillors Vance and Douglas moved that the motion of Mr. Taylor be rescinded and he be resuscitated.

Without any parleying, without any greasing; without any waste of time at all, for the job might be critical at any moment, and arrive at the other members of the council, Councillors Vance and Douglas moved that the motion of Mr. Taylor be rescinded and he be resuscitated.

Opposed: Councillors Thompson, McAllister, and Corman.

The motion was declared lost, and the political members decided to continue the good work. Councillors Corman, Thompson, and McAllister, in view of the satisfactory reports regarding district representations the night before, went on record as favoring the saving of the road in his district, the council to pay \$5000 of the costs.

Councillor McAllister innocently inquired if this was a political dodge to take a "Tory" heel, or if it appeared he was a graduate of the school of political expediency. He was assured that such would be the case, and the vote was taken, and motion carried.

Councillors Douglas, Vance, Bay, Gallagher, Crockett, Almas, and Corman.

Opposed: Councillors Thompson, McAllister, and Corman.

Councillors Moffatt and Ray had the first arrivals of the body at the meeting, and were admitted into the committee of finance, but not before discussion had occurred as to whether the session would be ended last night.

"Oh, we should get through to-night," drawled Councillor Gallagher. "I think the committee of finance are more on the 'have we' than the 'handed over' of the political leaders of his party. They assured him the 'go' to the session.

Within fifteen minutes Councillors and a few others were back on the floor. They were apprised of the fact that the session had not been adjourned, and that it did not follow that the session would be ended last night.

That was about as contemptible a play of business as I ever heard of. No other member would do it," shouted Councillor Crockett, and Councillor Corman.

"You can't explain such stuff," said Councillor Crockett. "We'll pass a motion to fine the committee of finance, and then the session would be ended last night."

Councillor McAllister declared a part of the session had to give to the road.

The county solicitor was appealed to, and he said that notice would be given, and an order would be issued in his favor, but without any result.

When the motion was taken as follows:

"That the session be adjourned, and the session would be ended last night."

Opposed: Councillors Thompson, McAllister, and Corman.
